Terrific Townhouse

This adorable 2 storey executive townhouse is located in an upmarket area in the Western section of Norris Park, and overlooks a beautiful pond and park. The ground floor includes a large open living and dining area that adjoins the long outdoor timber deck and alfresco living area – which has a mains gas point for your bbq. Ducted heating & cooling, and a gas log fire will keep you comfy all-year-round, whilst the large number of windows, sliding doors, and a balcony door, can be opened to let the breeze in. The spacious kitchen includes gas cooking, oodles of storage space, and a dishwasher. The large master bedroom has a very big walk-in-robe, and a stylish 2-way bathroom with twin vanity basins. Both the other bedrooms have built-in-robos. The upstairs living area provides a separate space for parents or guests, and includes a balcony with great views. The double width remote control garage has internal access, and the low maintenance garden compliments this stylish townhouse. Pets are not permitted. If you want a modern, well-appointed, well-presented, and low-maintenance property with a lovely outlook, this one's for you.
